

## HARRIS LOW TABLES

**MADE BY BY SPEKE KLEIN**

The design for this pair of tables won 1st prize in the student section of the 15th International Furniture Design Competition, Valencia, Spain. Each leg has a different shape, allowing a subtle positioning language to emerge as they are put to use. These versatile tables can be used side by side, end to end, or complementing each other as separate end tables.

### **Dimensions**

24" W x 12" D x 18" H

### **Material Options**

Differing leg shapes create patterns when the tables are placed together. The two tables can be used together or independently. Available in walnut or white oak with clear matte lacquer finish.
