

MORE NESTING TABLES

MADE BY BY SPEKE KLEIN

A new approach to a classic concept: twin nesting tables function for everyday use as tables or stools, or slot neatly away until needed for special occasions. A single veneer sheet runs up the side, across the top, and down the other side, creating a beautiful seamless expanse of wood grain.

Dimensions

Set of 3 Tables: 22" W x 20" D x 18" H

Material Options

Single veneer sheet with mitred corner for seamless surface continuity. Hardwood edging for durability. Metal furniture glides. Veneered panels. Available in walnut or white oak with clear matte lacquer finish.
