

APOLLO COFFEE TABLE

BY TOM FAULKNER

Part of our hugely popular Avenues collection, Apollo features a generous bar-width that creates serious visual impact. Its strong, solid lines bring structure and cohesion to a seating zone, anchoring the furniture around it and establishing a sense of balance and harmony. Customisable to your chosen dimensions, and available with or without a bottom shelf, Apollo can come with a glass or marble top and with a metal frame in a selection of our steel standard or specialist finishes, as well as Stainless Steel.
