# HOLLACE CLUNY

## BODEN SCONCE 02

### MADE BY BY ROLL & HILL

Boden is a sculptural fixture emanating from irregular balance points. Designed to be versatile in application, the components feel equally refined as a single piece, or installed as repeating architectural elements, or groups. The Boden shades contain a dimmable LED source and rotate to cast light directionally. The design is intricate, refined, and elegantly efficient. Click here for more information.
