

CASCADIA COLLECTION

MADE BY BY MATTHEW MCCORMICK STUDIO

An homage to nature and its effortless beauty, the Cascadia pendant takes its name from the Canadian Cascades' white-capped mountain range and organic flow of waterways. The distinctive opaline glow of Cascadia's proprietary, hand-crafted LED glass retainers and solid brass fitting hides its technical precision through an aesthetic of simplicity and a pureness in design. Cascadia is a modular pendant system that provides an array of possibility, making a grand statement in any space

Material Options

The Cascadia pendant series is available in a number of standard configurations, offered in brushed brass or blackened brass finishes.
