

COSMIC CHANDELIER

BY ATELIER 001

Inspired by planet-like forms and textures, the Cosmic collection explores the interplay between metal and a selection of double-sided, piano-lacquered finishes.

Composed of four carefully hand-spun brass plates, the light is projected into the shade and reflects out, illuminating without creating a glare. Softly illuminated with integrated LED from within, this sculptural ceiling piece sits elegantly in both contemporary and vintage-inspired interiors. Please note that each piece is individually handmade, therefore unique in its own way.
