

ECHO OVAL DINING TABLE

BY TOM FAULKNER

Inspired by a trip to the Arctic, Tom designed Echo to have clean crisp lines, and shear faces. The graphic folds and sharp angles give it a dramatic presence. Like a modern sculpture, it needs to be seen from all sides to be fully appreciated. All of the folds are carefully worked out to make Echo both slender and strong. It is available in any size, and in a selection of our standard and specialist finishes.
