SURPRISED BY JOY

BY CLASTE COLLECTION

This all marble table offsets a rectangular top over a triangular base creating a piece that is both simple and complex, one that shifts in appearance from delicate and light to solid and grounded. The weight of the base allows for an alternating single or double cantilever when viewed from opposite elevations. Available in various marbles there is also the opportunity to create them in custom sizing and pairs which can be nested if so desired.

Dimensions

28"x40"x12" or 15"
36"x54"x12" or 15"

Material Options

Available in a selection of stone options.
