

## THE FLUTES LYDIAN ARRAY

**MADE BY BY JUNIPER**

THE FLUTES: LYDIAN Array creates linear installations of light using LYDIAN extrusions. Aluminum bodies connect sequentially and at 90° angles for size and shape customization. THE FLUTES utilize LED modules set into channeled extrusions that diffuse light above or below for direct and indirect illumination.

### **Dimensions**

48" or 62"W, 8"H x 3"D + 16' Clear cable adjustable on site.

### **Material Options**

Satin Black or Satin Aluminum Finish

### **Lamping**

Choose from a selection of colour temperature and direct/indirect lighting options.
