

TO FLOAT FROM GRACE

MADE BY BY CLASTE COLLECTION

The floating shelf of marble punctuates this minimalist console with a touch of the unreal. Without the use of any concealed hardware the invisible joint between the marble and the glass creates an effect that is both striking yet elegant and refined. The glass enclosure allows for items to be displayed on both surfaces and is available in both ultra-clear and bronzed glass which allows for various combinations of colour and materials. Available in both console and writing desk versions, depending on the height of the floating shelf, it creates a stunning yet flexible piece appropriate for many situations.
